Street Repair will Close Lanes on Main Street

Harrisonburg, VA – A section of South Main Street between Weaver Avenue and Monument Avenue will be paved this week. The street repair is a result of the water main break over the weekend on South Main.

It is anticipated that street repairs will begin on Thursday morning September 20, 2012 around 10:00 a.m. with the work being completed by noon on Friday September 21, 2012. Traffic will be reduced to a single lane on South Main Street between Port Republic Road to Monument Avenue in both the north and south bound lanes during the performance of the work.

Short interruptions in traffic flow will occur to facilitate moving of equipment into the work area. South Avenue will be closed to all traffic at the intersection of Main Street. Local access to South Avenue will be via South Main Street and Central Avenue.

Weaver Avenue will also be closed to through traffic and access from and to South Main will not be permitted.

All work is subject to change due to weather conditions.

The City apologizes for any inconvenience this work may create and asks for the public's patience and cooperation. Please drive safely.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 50,000 people. More information about the City of Harrisonburg is online at www.harrisonburgva.gov.
